For the Executive Budget Fiscal Year 2025

Bronx

The City of New York
Eric Adams, Mayor

FY 2025 Executive Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Executive Budget reports the FY 2025 Executive budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2025 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget, publishing them in the **Register of Community Board Requests for the Executive Budget** in April.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In June, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-6129 for more information about the community board process including consultations, and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine-digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted, and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Executive Budget recommendation for each budget request.

We stand firm in our support for development of this bridge, which would alleviate traffic congestion along 149th and 161st Streets and local streets in the neighborhood. The proposed bridge would be a single tower cable stayed bridge, located over the Old Mott Haven Rail yard, connecting Concourse Village West at the west end and Park Avenue at the east end. 02	104202502C	<p>Request: Provide a new or expanded health care facility</p> <p>Explanation: CD 4 residents continue to face numerous health challenges that have persisted for decades and have been exacerbated by the COVID-19 pandemic. Many of these issues exist due to a lack of access to consistent, quality health services. The City could enter into a public/private partnership with BronxCare or another established healthcare provider to ensure medical and social services are accessible to residents in areas in which there is a dearth of such services, or where other barriers exist, such as Highbridge. Leveraging expanded use of technology to facilitate telemedicine visits can lessen the barriers often associated with accessing care.</p> <p>Responsible Agency: Health and Hospitals Corporation</p> <p>Supported by: Jerome Avenue Neighborhood Health Plan</p>	<p>Further study by the agency of this request is needed. 01	104202501E	<p>Request: Other park programming requests</p> <p>Explanation: The Board request a budget line item for a CB4 Parks Administrator. This individual would manage CB4 parks system wide and would be responsible for the following: maintenance, special events, recreational facilities, personnel, developing and helping to establish Friends of groups to assist with maintenance, cleanup, beautification in high trafficked areas, manage grant application and funding streams for special projects , community relations/outreach and programming. This position would be very similar to the Parks Administrator at Crotona Park. It should be noted that CB4 has the highest number of parks properties with additions on the horizon and significantly increased utilization with opening of the Bronx Children's Museum and the Universal Hip Hop Museum at Bronx Point.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>Further study by the agency of this request is needed. 03	104202503E	<p>Request: Create or promote programs for education and awareness on preventing chronic diseases including quitting smoking, nutrition, physical activity, etc.</p> <p>Explanation: Since nearly forty percent of our population is under the age of 25, it is important to underscore the importance of nutrition, healthy eating and physical activity. We request that DOHMH increase outreach and education related to food and nutrition, targeting middle schools and working with community-based organizations with youth programs and active tenant associations. Wellness in the Schools (WITS) is a successful program providing food nutrition education in school settings and should be considered as a model. Online fitness classes/videos to promote health and wellness should be leveraged to maximize audience reach. The agency should also partner with the Parks Department to expand programming that facilitates the use of parks and outdoor spaces to promote healthy lifestyles</p> <p>Responsible Agency: Department of Education</p>	Please contact the Agency directly and promptly for more information.
04	104202504E	<p>Request: Provide, expand, or enhance the Summer Youth Employment Program</p> <p>Explanation: Providing positive reinforcement to our youth is important and Summer Youth Employment is desperately needed particularly in a District with a meager Area Median Income (\$29,000) and nearly thirty-five percent of the population living at the poverty level. DYCD should continue to increase funding for the Summer Youth Employment Program (SYEP) and make it year round. DYCD should also work with local organizations and the Bronx Borough President's office to create additional work places to host youth for the summer and continue to expand the program to year round.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	OMB supports the agency's position as follows: DYCD has increased funding in this service area.

A special mention should also be given to the incredible number of unlicensed motorized vehicles (scooters, mopeds, e-bikes) that operate on the roadways and sidewalks within the District. 09	104202509E	<p>Request: Provide, expand, or enhance rental assistance programs/vouchers for permanent housing</p> <p>Explanation: The City continues to grapple with homelessness. According to the Coalition for the Homeless, there are nearly 50,000 people sleeping each night in the New York City municipal shelter system. Families make up nearly three-quarters of that population which includes 14,000 children. We request that the City ramp up its efforts to permanently house families and individuals living in the shelter system and increase access to voucher programs. HPD should increase the set aside for formerly homeless (currently 10%). Organizations such as Neighborhood Association for Inter-Cultural Affairs (NAICA) have demonstrated success in serving people in transitional housing and supporting their successful transition to permanent housing. Expansion of the FRESH program, which offers benefits to supermarket owners to provide a certain level of affordable fresh produce, would help address the lack of access to healthy food options. More frequent farmers markets would provide residents with access to affordable fresh produce. We are requesting additional permanent City Park Workers who clean and cut grass in the parks on a regular basis. It would also allow Parks to staff more sites regularly with ?fixed post? employees as opposed to the use of mobile crews to service certain sites. We believe that where possible, a dedicated presence of on-site maintenance staff can allow for more ?caring? and detailed maintenance of the park. We are also in need of more Associate Park Service Workers, who haul away trash, drive large vehicles and lead crews in the field. 17	104202517E	<p>Request: Expand street outreach</p> <p>Explanation: HOMESTAT should receive additional funding and be expanded to address street homelessness. Additionally, many people experiencing street homelessness choose to not go to shelters because of the harsh and unsafe conditions at those facilities. Conditions must be improved to provide temporary shelter to those in need and help them get on track to find stable, permanent housing. Enhanced security measures, including DHS police officers, and mental health support services focused on eliminating violent and destructive behaviors should be a priority.</p> <p>Responsible Agency: Department of Homeless Services</p>	<p>OMB supports the agency's position as follows: Street outreach services are available 24/7, 365 days a year. By calling 311 or using the 311 app when a homeless individual appears to be in need of assistance, any New Yorker can dispatch an outreach team to that person and help them move indoors. Funding for street outreach has more than doubled in recent years.</p>
18	104202518E	<p>Request: Provide, expand, or enhance after school programs for middle school students (grades 6-8)</p> <p>Explanation: Community District Four's many working families and single-parent households require no-cost after-school care. Free after-school care allows parents to work and maintain employment, keeps children safe, and enhances children's educational attainment. It also allows families to use scarce financial resources on other pressing needs. Accordingly, we request that DYCD increase funding at existing organizations district-wide to provide after school programs. They should also partner with local schools to provide additional funding to site after schools programs. We also encourage the agency to find ways to employ youth constructively on a year-round basis.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	<p>OMB supports the agency's position as follows: Presently, there are a variety of agency-funded programs in the district for this target population. DOHMH should work with DHS to identify these facilities and target those that would benefit from additional programming and/or services. 23	106202523E	<p>Request: Other expense budget request for DOT</p> <p>Explanation: DOT has grossly mismanaged Fordham Plaza, which now has no legal vendors onsite. We ask that DOT reevaluate the terms of the RFP's it is issuing to vendors. The end of the Bronx Night Market is now the 4th time a vendor has signed a contract with DOT and not fulfilled the contract. In addition, DOT's issuance of 29-day permits for the Bronx Night Market was an incredibly inefficient practice. It is ludicrous to expect a vendor to apply for a new monthly permit, every month, for 7 years, even requiring the vendor to form a new LLC every year to be eligible to get the permits. This permitting practice prevented the Night Market from securing any long term sponsorships.</p> <p>Responsible Agency: Department of Transportation</p>	<p>OMB supports the agency's position as follows: Further study by the agency of this request is needed.</p>

The Parks Department has a Master Plan for the reconstruction and modernization of Shoelace Park. Many of the playgrounds and facilities lie in the flood plane of the Bronx River. REGISTER OF COMMUNITY BOARD BUDGET REQUESTS

For the Executive Budget Fiscal Year 2025

Brooklyn

The City of New York
Eric Adams, Mayor

FY 2025 Executive Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Executive Budget reports the FY 2025 Executive budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2025 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget, publishing them in the **Register of Community Board Requests for the Executive Budget** in April.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In June, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-6129 for more information about the community board process including consultations, and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine-digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted, and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Executive Budget recommendation for each budget request.

Explanation: The Greenpoint and Williamsburg communities are growing significantly in population and new businesses. With the increased waterfront development, there is a tremendous increased need for enhanced public safety. There is no firehouse to serve the North side community and the waterfront area. A new state-of-the-art facility that can house proper modern equipment (such as ladders for high-rise buildings) should be created to better service the community.</p> <p>Responsible Agency: Fire Department</p>	Further study by the agency of this request is needed.

07	202202507C	<p>Request: Improve traffic and pedestrian safety, including traffic calming</p> <p>Explanation: There continues to be blatant disregard in our District for traffic safety, red lights, stop signs, and pedestrian right of way, which has made walking through the District unsafe at all hours. 03	204202503C	<p>Request: Reconstruct streets</p> <p>Explanation: Broadway was once the major commercial corridor drawing consumers from all over Brooklyn. In its current state, Broadway is far from the thriving strip of businesses it was in the past. Reconstructing Broadway from Flushing Avenue to Van Sinderen Avenue is the first step in investing in the economic future of the neighborhood. The roadbed of this heavily traveled commercial strip is in a deplorable state. The last time it was repaved was the Broadway Reconstruction Project of 1986. Recent tragic incidents illustrate the need for an enhanced roadway, lighting, and other transit safety features.</p> <p>Responsible Agency: Department of Transportation</p> <p>Supported by: Council Member Sandy Nurse Council Member Jennifer Gutierrez</p> <p>Location Address: Broadway Site Street: Broadway Cross Street 1: Flushing Avenue Cross Street 2: Van Sinderen Avenue</p>	<p>OMB supports the agency's position as follows: Capital funding constraints, project capacity and City-wide priorities preclude this project at this time.</p>

A space of our own that is large enough to accommodate our membership and the public during general meetings and public hearings is crucial to our success in generating public interest in civic engagement. The old Rescue 2 firehouse building at 1472 Bergen Street is an ideal location as the building is city-owned as is the land around it. Due to its use as a firehouse, it is equipped with office space for staff and the ground floor level could be repurposed into meeting space for the Board. 07	208202507C	<p>Request: Provide more housing for special needs households, such as the formerly homeless</p> <p>Explanation: Seniors, the disabled, and homeless singles are often left out of housing conversations and forced to compete for scant quantities of units. Existing affordable units need to be preserved and there is a greater need for incentives for property owners to keep rents low to reduce the growing numbers of rent burdened households. Housing across the city is being created at a fast pace, but not affordable for the majority of the city's residents, and vacant newly created units leads to unnecessary increased competition for less expensive rent-stabilized units.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>

16	208202516C	<p>Request: Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: The skate park at Brower park is in dire need of refurbishment. Users cite an uneven and pitted ground that makes it impossible to skate safely, thus creating an immediate hazardous condition. Additionally, users cite awkward features/obstacles leaving no room to skate comfortably. The following suggestions have been provided to improve the skate park:1. Repave the ground to be exactly like that of the basketball court.2. Open the center and leave free of features/obstacles for acceleration/deceleration and free skating on flat ground.3. Line the perimeter of the skate park with the same height and style ledges as the basketball courts.4. The four stops along the line, specifically the Park Place station in District 8, is in terrible repair with peeling paint and graffiti both interior of the station and exterior. Each year we are advised to contact Mr. Andy Inglesby at NYC Transit for implementation of this request, but we need the agency to understand that this is of utmost importance. 21	208202521C	<p>Request: Increase energy efficiency and environmental performance of NYCHA developments</p> <p>Explanation: The Brownsville power grid is insufficient to support its service base. Con Ed has identified that NYCHA developments place most of the strain on the grid. An audit of energy efficiency and environmental performance should be conducted to ensure that NYCHA developments are running efficiently and using as little energy as possible to function effectively. The use of energy efficient bulbs in all units and common areas and the installation of solar panels on NYCHA buildings will aid tremendously in this effort and also reduce the electricity bill owed to Con Edison.</p> <p>Responsible Agency: Housing Authority</p>	This request has already been funded.
22	208202522C	<p>Request: Add NYPD parking facilities</p> <p>Explanation: With the construction of Pacific Park around the 78th Precinct, there is a dearth of parking spaces available for officers of the precinct. The 77th Precinct also lacks adequate parking spaces and the result is officers angle parking on the sidewalk in front of private homes, double parking on residential streets, or disobeying alternate side parking rules. We urge the officers of the 78th Precinct to utilize the parking spaces that have been set aside for their use in the Pacific Park project at 535 Carlton Avenue to dispel the negative impact their actions have on the community.</p> <p>Responsible Agency: Police Department</p>	Specific environmental violations should be brought to the attention of the NYPD local precinct commander.

04	208202504E	<p>Request: Hire additional crossing guards</p> <p>Explanation: Members of CB8 were disheartened to learn that budget cuts resulted in the loss of crucial school crossing guards. Furthering members' dissatisfaction are the high profile deaths of youths on their way to school hit by vehicles at intersections that did not have crossing guards, most recently 7-year old Kamari Hughes, by a NYPD tow-truck on Myrtle Avenue. Every intersection by a school needs to be manned by a crossing guard to keep students safe.</p> <p>Responsible Agency: Police Department</p>	<p>The agency recommends funding this budget request, but at this time the availability of funds is uncertain. 05	208202505E	<p>Request: Hire additional traffic enforcement agents</p> <p>Explanation: A recent survey by CB8 received an overwhelming show of resident support for increased enforcement for traffic scofflaws that double park, block bike lanes, and/or park in fire hydrants as well as vehicle owners that do not move their vehicle during alternate side parking. Residents also requested increased traffic enforcement for speeding motorists, e-bike/e-scooter operators and manual bicycle operators that ride on the sidewalk. This stigma prevents those suffering symptoms from seeking help and prevents family members from understanding the many ways they can help. 11	208202511E	<p>Request: Improve public housing maintenance and cleanliness</p> <p>Explanation: All NYCHA developments should be equipped with containers for garbage storage since maintenance staff currently places garbage curbside multiple times per day. This leads to curbs of NYCHA developments always having garbage outside, which is unsightly and unsanitary, and contributes to the growing vermin (rats and roaches) epidemic in the District. Containerized collection will provide a place to house garbage until pickup day.</p> <p>Responsible Agency: Housing Authority</p>	<p>OMB supports the agency's position as follows: This project is included in the ten-year plan.</p>
12	208202512E	<p>Request: Animal and pest control requests including reducing rat and mosquito populations</p> <p>Explanation: Community Board 8 residents have expressed dissatisfaction with DOHMH's response to the rodent epidemic in the neighborhood and citywide. The large number of development, renovation, and enlargement projects in the district and citywide have disrupted rodent burrows to the point where rodents are visible during daylight hours. Residents and CB8 staff and members overwhelmingly support DOHMH implementing a policy change mandating that developers bait more than just the perimeter of their projects and instead bait a wider berth, as well as the city enforcing harsh penalties on properties that do not perform abatement to allow the city the opportunity to focus on other health related issues and needs.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>OMB supports the agency's position as follows: Rodents go to properties where they can find a food source. Construction debris on its own is not a cause of rat infestation. DOHMH responds to every complaint and follows up with properties that fail both for rodents and conditions conducive to rodents such as garbage and harborage.</p>
13	208202513E	<p>Request: Increase enforcement of canine waste laws</p> <p>Explanation: It is imperative that Pooper Scooper law be enforced. District 8 streets have become waste minefields that are difficult to navigate as the number of dog owners increases--as well as the number of careless dog owners. Canine waste has the potential to create health hazards for humans and other dogs. Dog owners must be held responsible for, and incentivized to properly care for their pets.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>OMB supports the agency's position as follows: Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.</p>

We urge funding for sports programs like this and similar, as well as STEM programs and other activities (gaming, cooking, gardening, etc) that youth may be interested in engaging with, to promote their social well-being. Most of the fires were caused by preventable issues had the residents in the fire destroyed units and buildings been properly educated. While fears around uncertified lithium ion batteries from e-bikes remain high and at the forefront of educational initiatives, additional PSAs need to be issued around lesser feared causes of fire such as "dressed" or fancy candles with incendiary inclusions, keeping appliances such as air fryers and crock pots plugged in and on while unattended, not using grounded outlets for larger appliances, not maintaining smoke alarms, etc. Fire safety education needs to be improved to maximize reach.</p> <p>Responsible Agency: Fire Department</p>	<p>OMB supports the agency's position as follows: The FDNY Foundation provides funds to assist the Department in meeting these needs.</p>

Education, skills training, and financial planning activities are direly needed in less economically advantaged households to assist them in trying to improve their financial situations. Several of CB8's committees have identified job training to increase the chances of obtaining better employment options in higher paying job fields. The key to getting individuals into these trainings is exposure. Sadly, HRA's educational website is lacking on many fronts, difficult to navigate, contains outdated information and dead ends, and is over abundant with low-paying unskilled employment options. These issues combined lead to a lack of desire to use HRA as a resource.</p> <p>Responsible Agency: Human Resources Administration</p>	<p>OMB supports the agency's position as follows: HRA's Career Services provides services to clients to assist them in developing job skills, obtaining employment, financial counseling and building sustainable careers that provide a path out of poverty.</p>

Current City Council proposed legislation to monitor air quality in multiple dwelling buildings fail to account for the impacts on air quality that cigarette smoke has, and thus, legislation to eliminate smoking indoors in multiple dwellings will protect residents with smoking neighbors from having to move and/or face dangerous health issues if they cannot afford to move.</p> <p>Responsible Agency: Mayor's Office of Management and Budget</p>	<p>The request does not seem to be applicable to the Responsible Agency. OMB cannot make a determination at this time.</p>
23	208202523E	<p>Request: Extend library hours or expand and enhance library programs (BPL)</p> <p>Explanation: The re-opening of Brower Park Library branch within the city-owned Brooklyn Children's Museum filled a gap in services for District 8 residents. We encourage funding for the expansion of hours for the library and additional programs.</p> <p>Responsible Agency: Brooklyn Public Library</p>	<p>It is recommended that this request be brought to the attention of your Elected Officials.</p>
24	208202524E	<p>Request: Provide more on-street trash cans and recycling containers</p> <p>Explanation: Smart bins usage in Prospect Heights is very high and needless to say, additional bins for organics are necessary. Usage rates are so high that bins are often full before late morning has reached on days when the bins are dumped. Additional bins will allow greater access for organics collections and participation. Furthermore, we encourage increased collection of smart bins district-wide as they are a popular choice for residents in buildings that have yet to opt into curbside organics collections.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>OMB supports the agency's position as follows: High-end litter baskets are sponsored by local elected officials, businesses, community groups, etc.</p>

25	208202525E	<p>Request: Provide or expand community composting programs</p> <p>Explanation: Our community lacks robust education and outreach for organics collection and composting, which is critical for the success of municipal composting. Residents on the eastern end of District 8 especially lack an understanding of organics collection and composting. We advocate for sustainability programs via additional community composting sites, food scraps drop off locations, more frequent collection as smart bins, and greater education/outreach about smart bins and composting.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>OMB supports the agency's position as follows: Although the Department of Sanitation supports this program, due to fiscal constraints the availability of funds is uncertain.</p>
26	208202526E	<p>Request: Support nonprofit cultural organizations</p> <p>Explanation: Cultural Affairs needs to assist our cultural institutions with advertisement opportunities across the city. A greater emphasis needs to be placed on the importance of the arts, culture, and diaspora history.</p> <p>Responsible Agency: Department of Cultural Affairs</p>	<p>OMB supports the agency's position as follows: The Department of Cultural Affairs recommends this project be brought to the attention of your local elected official, i.e. Borough President or City Council member.</p>
27	208202527E	<p>Request: Enhance programs for elder abuse victims</p> <p>Explanation: The 7 most common types of elderly abuse include physical abuse, neglect, emotional abuse, financial abuse, sexual abuse, self-neglect, and abandonment. Any of these elder abuse types can be devastating to older people and their families. Too often, our elders are too prideful, ashamed, or afraid to speak up for themselves, leading them to suffer continued abuse at the hands of caregivers or even strangers. We encourage DFTA to increase outreach efforts and initiate public service announcements to inform seniors of their options and services should they ever come face to face with elder abuse. We also advocate for increased public awareness programs to help people identify the signs and signals of elder abuse.</p> <p>Responsible Agency: Department for the Aging</p>	<p>OMB supports the agency's position as follows: Approval of this request depends on sufficient Federal/State funds.</p>

28	208202528E	<p>Request: Provide, expand, or enhance adult protective services</p> <p>Explanation: We must keep in mind that our vulnerable populations are at risk for abuse from family members and home health aides seeking to take advantage of their frail emotional or physical states. They require considerable attention to maintain their safety and well-being, thus preventing them from being subjected to unnecessary hardship, pain, and mental aggravation in the form of fear.</p> <p>Responsible Agency: Human Resources Administration</p>	<p>OMB supports the agency's position as follows: HRA continues to maintain funding for Adult Protective Services which assists individuals who are in need of services.</p>
29	208202529E	<p>Request: Provide, expand, or enhance funding to support higher education and/or workforce development opportunities for youth who are leaving foster care</p> <p>Explanation: Kids leaving foster care need assistance in order to be able to thrive and succeed in life. The current system disallows them from starting their adult lives without severe handicaps in terms of how they can live their lives. Kids aging out of foster care ought to have the same opportunities as their peers that were not raised within the system.</p> <p>Responsible Agency: Administration for Children's Services</p>	<p>The agency will try to accommodate this issue within existing resources. OMB supports the agency's position.</p>
30	208202530E	<p>Request: Provide, expand, or enhance adolescent literacy programs and services</p> <p>Explanation: The invisible crisis facing NYC is that nearly two out of three children affected by systemic poverty cannot read at grade level. Children who can't transition from ?learning to read? to ?reading to learn? by third grade are 13 times more likely not to graduate on time from high school if they graduate at all. Sadly, the crisis does not end there as 64% of NYC middle school students read below their grade's reading level. These students face much worse outcomes in life like incarceration, gang activity, under employment, continued poverty, mental depression, and several other disorders that have the potential to lower their quality of life. Additional literacy programs and services to bring them up to level are necessary to allow them to thrive.</p> <p>Responsible Agency: Department of Education</p>	<p>Please contact the Agency directly and promptly for more information.</p>

32	208202532E	<p>Request: Forestry services, including street tree maintenance</p> <p>Explanation: We encourage additional planting of new trees as well as better maintenance of existing trees. Contractors that plant new trees must be held accountable for tree care until the tree is able to thrive on its own. Furthermore, maintenance of existing trees includes more frequent pruning, de-weeding, enlarged tree pits, mulch, etc.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>The agency has stated that they will try to accommodate this request with existing resources. 33	208202533E	<p>Request: Provide new bike lanes</p> <p>Explanation: North/south bike lanes are needed on the eastern end of the District. 34	208202534E	<p>Request: Enhance home care services</p> <p>Explanation: Home care is a health service provided in the patient's home to promote, maintain, or restore health or lessen the effects of illness and disability. Services may include nursing care, speech, physical and occupational therapies, home health aide services and personal care services. Medicaid ineligible seniors should not be forced to pay exorbitant out of pocket costs for assistance in day to day needs. 35	208202535E	<p>Request: Provide, expand, or enhance skills training and employment services for high school students at risk of dropping out</p> <p>Explanation: Early intervention is the key to saving the future of our youth. It is well documented that inner-city children have a higher risk for crime, dropping out of school and other educational deficits, gang involvement, drug use, and incarceration. We urge funding for activities that target at-risk youth. Funding for youth development and delinquency and prevention programs is necessary to serve our youth and quell the growing trend toward life-ruining activities.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	<p>OMB supports the agency's position as follows: DYCD funding is allocated through public solicitations including Requests for Proposals.</p>
36	208202536E	<p>Request: Increase transportation services capacity</p> <p>Explanation: The CB8 Seniors Committee members identified increased transportation options as a top senior issue for the district. An increase in senior transportation, whether via para transit or taxi vouchers, or volunteer services to ferry seniors to appointments or even grocery shopping, should be provided.</p> <p>Responsible Agency: Department for the Aging</p>	<p>OMB supports the agency's position as follows: Approval of this request depends on sufficient Federal/State funds.</p>

Two of the signalized crossings are not intersections; drivers ignore red signals every time the light changes. Drivers make illegal U-turns, and there is excessive speeding. The parking lane is used as a travel lane during rush hours, and was the reason for moving the planned bike lane onto the expanded sidewalk. 26	213202226C	<p>Request: Repair or provide new street lights</p> <p>Explanation: Brighton Beach Avenue is exceptionally wide, and the existing street lighting does not extend to adequately bathe pedestrians in light. This is especially true on the southside of Brighton Beach Avenue adjacent to the public park at the Oceana where the lush trees obscure the sidewalk and keep it in darkness. Pedestrian-level lighting in the form of (what are called by DOT) B-pole lights would greatly enhance visibility and remove the element of vulnerability which is currently the pedestrian experience.</p> <p>Responsible Agency: Department of Transportation</p>	<p>OMB supports the agency's position as follows: More information is needed from the community board before making a funding decision. They shorten the effective crossing distance for pedestrians. And they do not take away parking spaces. 02	214202502C	<p>Request: Evaluate a public location or property for green infrastructure, e.g. rain gardens, stormwater greenstreets, green playgrounds</p> <p>Explanation: There are several locations in the District that flood chronically in rainstorms. These locations have all been brought to DEP's attention. DCP has provided a limited drop down list from which to choose a budget priority. We ask the DEP respond to the requests pending and advise as to what the respective issues are so that we can identify what budget line these requests fall into. The bottom line is that DEP must provide solutions to these locations because property, businesses and public areas should not have to withstand chronic flooding. What capital projects would help in these various locations: bioswales, catch basins, permeable surface additions, holding tanks?</p> <p>Responsible Agency: Department of Environmental Protection</p>	<p>OMB supports the agency's position as follows: Please contact the Agency directly and promptly for more information.</p>

05	214202505C	<p>Request: Renovate or upgrade existing precinct houses</p> <p>Explanation: The history of efforts to relocate this aging facility goes back three decades. In 2006, DCAS began property acquisition at 1326 Ocean Avenue and NYPD set aside \$30 million for the property, and OMB stated its commitment to identify additional funding. Construction was set to begin in 2013. It did not and the site was lost to a market rate housing development. A \$1 million scoping study to asses the feasibility of building a new precinct house on site acknowledges the locational challenges that the current site presents. OMB approved a site search to no avail. Relocating the precinct house remains a priority. In the meantime, the current precinct house floods and leaks and does not have adequate lockers, storage, or parking, nor it is handicap accessible.</p> <p>Responsible Agency: Police Department</p> <p>Location Site Name: 70th Precinct</p>	<p>The agency recommends funding this budget request, but at this time the availability of funds is uncertain. 01	214202501E	<p>Request: Other expense budget request for DOT</p> <p>Explanation: New York City must recognize ownership of the Plaza. The clearest solution we see is for Newkirk Plaza to become a formal participant in the DOT's Pedestrian Plaza Program. The City's inability to determine jurisdiction over Newkirk Plaza has left several chronic issues unresolved, including a serious rodent infestation, sanitation maintenance concerns, disrepair of the brick plaza surface, and growing street homelessness challenges. NYPD, DSNY, DOB, and DOHMH have all been called upon to deal with myriad issues on the Plaza. Many community stakeholders, including business owners, civic and community-based organizations, and local government entities, continue to struggle.</p> <p>Responsible Agency: Department of Transportation</p>	<p>OMB supports the agency's position as follows: Further study by the agency of this request is needed.</p>
02	214202502E	<p>Request: Expand street outreach</p> <p>Explanation: Reports of individuals who appear to be unsheltered homeless have increased over the past year. Breaking Ground is the current contractor and given the increase in calls to the Community Board, the Police and 311, an increase in outreach services is warranted. These teams must be equipped with professionals who can assist those who are on the street due to substance misuse and/or experiencing mental health disorders.</p> <p>Responsible Agency: Department of Homeless Services</p>	<p>OMB supports the agency's position as follows: Street outreach services are available 24/7, 365 days a year. By calling 311 or using the 311 app when a homeless individual appears to be in need of assistance, any New Yorker can dispatch an outreach team to that person and help them move indoors. Funding for street outreach has more than doubled in recent years.</p>
03	214202503E	<p>Request: Provide more housing for extremely low and low income households</p> <p>Explanation: In addition to the capital request, programs, outreach and increased subsidies to ensure affordable housing at lower AMIs is a well documented need in CD14.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	<p>OMB supports the agency's position as follows: More information is needed from the community board before making a funding decision. The community board should contact the agency.</p>

04	214202504E	<p>Request: Forestry services, including street tree maintenance</p> <p>Explanation: Flatbush and Midwood boast 11,237 street trees, including 121 different species according to DPR's census. Argyle Road is considered the "leafiest" in Brooklyn. A more robust pruning cycle is still necessary. Requests for emergency pruning and fallen branches are increasing in the District. Fallen limbs, branches and entire trees too often were reported for pruning but not addressed. Paying claims instead of service is poor policy. DPR needs a better funded and more robust contracting practice in addition to an increase in the budget to bring the work in house.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>It is recommended that this request be brought to the attention of your Elected Officials.</p>
05	214202505E	<p>Request: Create or promote programs to de-stigmatize mental health needs and encourage treatment</p> <p>Explanation: Nearly one in 25 New Yorkers has experienced mental illness. About 280,000 have major disorders such as schizophrenia. Forty percent of those in city shelters and 53% of those in city jails experience mental illness. From March to December of 2020, more than 17,000 calls were made for mental health assistance. This was 85 times more than the same period in 2019. The city must continue to expand mobile crises teams, and intensive mobile teams as well as HOMESTAT outreach to unsheltered homeless individuals experiencing mental illness. A Support and Connection Center should be provided in Brooklyn.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>The agency will try to accommodate this issue within existing resources. 06	214202506E	<p>Request: Other cleaning requests</p> <p>Explanation: There are 1200 road segments in CD 14. Given the number of dead ends, overpasses, and road bridges, cleaning is a persistent need. The evisceration of MLP, which is the only operation that cleans CD14's 54 dead end streets was ill advised. TNT is welcome in addition to MLP but not instead of it. Asking councilmembers to refund DSNY with Clean NYC or reso funds does not ensure equal distribution of services across the district and is financially inefficient. Baseline services should come from the baseline budget. Restore full funding for MLP.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>Due to fiscal constraints, the availability of funds is uncertain.</p>
07	214202507E	<p>Request: Improve safety at homeless shelters</p> <p>Explanation: The men's shelter that opened in CD14 in 2023 has created a number of community concerns. Security, including perimeter patrols are not addressing the complaint that individuals are entering private property, defecating in the street, engaging in substance use, and locking shopping carts to fences. Interactions between shelter residents and residents of the adjacent supportive housing facility have not been positive for the clients or the community. BVSJ - the contractor has failed to establish a Community Advisory Board. The impacts of this shelter are far worse than anticipated and funding to ensure adequate support, programing and safety is urgently needed.</p> <p>Responsible Agency: Department of Homeless Services</p>	<p>Further investigation is required. Contact the agency.</p>
08	214202508E	<p>Request: Clean catch basins</p> <p>Explanation: There are several locations in the district that flood chronically that have all been brought to DEP's attention. It seems that the issues can only be resolved with capital investments and that is the second highest request on CB14 capital list. In the meantime, catch basin cleaning and maintenance, courtesy flushes, rain barrels, backflow valve education, and other short term mitigation strategies are needed.</p> <p>Responsible Agency: Department of Environmental Protection</p>	<p>The agency will try to accommodate this issue within existing resources. OMB supports the agency's position.</p>

09	214202509E	<p>Request: Other request for services for the homeless</p> <p>Explanation: While city officials advocate for state and federal funding to address the needs of asylum seekers, the city itself must step up with the resources that can be put into place. An expansion of legal services for filing documentation, support services and counseling must be put into place. These services will help people move out of shelters. The city only exacerbates the crises by not providing as much as it can despite the many strains across agencies.</p> <p>Responsible Agency: Department of Homeless Services</p>	<p>Further investigation is required. Contact the agency.</p>
10	214202510E	<p>Request: Provide more community board staff</p> <p>Explanation: Every year we manage hundreds of service delivery requests, a youth conference, a nonprofit roundtable. We've added a lunch and learn series, and a YLC. Increasing responsibilities have been assigned and hiring staff and specialists, such as planners, policy analysts, IT assistance, would help to introduce more initiatives and develop longer range projects. As the most local city agency, we give voice to the individuals who make up our communities. To support serving communities equitably, it is imperative that the city fund and provide language access services at the CB level.</p> <p>Responsible Agency: Mayor's Office of Management and Budget</p>	<p>As of the FY 2025 Executive Budget, each Community Board's budget is being maintained.</p>
11	214202511E	<p>Request: Other expense budget request for DCA</p> <p>Explanation: DCWP is the licensing and main enforcement agency for the sale of tobacco and e-cigarettes. The pace of inspections is slow, and the enforcement mechanisms is inadequate. More stores sell these items without a license than with one. Report of sales to minors and sales of flavored vapes are prevalent. A significant investment must be made in adding and training inspectors. At the state level, OCM is stepping into cannabis enforcement. The Sheriff's office has had impact on some enforcement. NYPD has been marginalized but remains involved where possible. This is an inefficient and ineffective approach.</p> <p>Responsible Agency: Department of Consumer and Worker Protection</p>	<p>OMB supports the agency's position as follows. Of note, this program is run by the state.</p>

12	214202512E	<p>Request: Provide, expand, or enhance programs for housing inspections to correct code violations</p> <p>Explanation: CD14 has one of the highest serious housing code violations per 1000 units of housing in the city. HPD must be granted enforcement authority that makes a difference. Interagency coordination should be put into place such that DOB will not issue permits in buildings with HPD violations unless needed to address those very violations.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	This is not a budget request.
13	214202513E	<p>Request: Provide, expand, or enhance rental assistance programs/vouchers for permanent housing</p> <p>Explanation: Community District 14 ranks 11th of 59 in the percentage of severely rent burdened household - 35% up from 30% the year before. The District ranks 8th in the percent of renter households that are severely overcrowded. Nearly 35% of renters in the District pay over 50% of their household income on monthly rent. Affordability of rentals (at 80% of AMI) decreased from 71.3% to only 49%. These are pressures that lend themselves to homelessness and continued expansion of prevention programs is warranted.</p> <p>Responsible Agency: Human Resources Administration</p>	OMB supports the agency's position as follows: The Agency provides homeless prevention services through its expanded network of HomeBase community offices.
14	214202514E	<p>Request: Other foster care and child welfare requests</p> <p>Explanation: When asked by survey to rank public safety priorities, 85% of respondents ranked support for cure violence groups, number one. ACS's Division of Youth and Family Justice and the efforts to support violence disrupters programs and organizations is a high priority from a youth service and a public safety perspective. There are several programs that ACS has introduced or grown in recent years. CD14 organizations have applied to the RFP for Family Enrichment Program. We hope they will be awarded. As for foster care and casework, the agency has made positive strides in reducing caseloads and fostered youth is at an all-time low.</p> <p>Responsible Agency: Administration for Children's Services</p>	The agency will try to accommodate this issue within existing resources. 15	214202515E	<p>Request: Address illegal conversions and uses of buildings</p> <p>Explanation: There is need for more DOB action on illegal conversions in what would be single family homes and in multifamily buildings. Enforcement on illegal curb cuts and parking pads would move the city toward carbon neutrality. Rather than using the tools we have, there is a new zoning text amendment. Short term rentals are not enforced. Some air bnbs have been reported in the already scarce affordable units in the district.</p> <p>Responsible Agency: Department of Buildings</p>	<p>This request is not recommended for funding.</p>
16	214202516E	<p>Request: Provide, expand, or enhance the Summer Youth Employment Program</p> <p>Explanation: According to our Youth Conference attendees survey, the biggest draw for the 500 youth who attended out annual conference was jobs. It is imperative that DYCD jobs programs be expanded and dependably funded. Additional focus on building capacity at the CBO level to expand programming into underserved communities is imperative. Cure violence programs depend on significant alternatives. DYCD is poised to support new models of curing violence and expanding opportunities for future leaders.</p> <p>Responsible Agency: Department of Youth & Community Development</p>	<p>OMB supports the agency's position as follows: DYCD has increased funding in this service area.</p>
17	214202517E	<p>Request: Hire additional crossing guards</p> <p>Explanation: Additional crossing guards is an ever increasing request. New schools have opened, new developments are in the pipeline. The Community Board defers to the Police Precinct to assign additional crossing guards to new locations. 18	214202518E	<p>Request: Increase staffing for homebound adult programs</p> <p>Explanation: Case management, home care, legal services, and transportation services are generally intertwined. There is no way to prioritize the needs of one senior citizen over those of another and it would be folly to provide transportation over home care for a senior who is need of both. The funding of these services must be designed with the approach that support services are inextricable.</p> <p>Responsible Agency: Department for the Aging</p>	<p>OMB supports the agency's position as follows: Approval of this request depends on sufficient Federal/State funds.</p>
19	214202519E	<p>Request: Address traffic congestion</p> <p>Explanation: Caton Avenue to Linden Blvd is a truck route. Just south of Caton is Church Avenue - also a truck route. Traffic is gridlocked on Caton nearly endlessly in both directions. DOT has installed Citibikes that force pedestrians into truck traffic on Caton. An express bus lane has been added to Church Avenue, eliminating truck delivery windows. These conditions have pushed more traffic onto sidestreets. DOT must address traffic congestion and review installations that have exacerbated conditions.</p> <p>Responsible Agency: Department of Transportation</p>	<p>OMB supports the agency's position as follows: Further study by the agency of this request is needed.</p>
20	214202520E	<p>Request: Create or promote programs to de-stigmatize substance misuse and encourage treatment</p> <p>Explanation: Street outreach teams, NYPD, and human services organizations report that many people who appear to be unsheltered often have homes but congregate where they can access and use substances. There are few programs available to them unless they are in fact homeless or choose to seek care. This is a woeful and dangerous approach, or lack thereof. Community Mobile and Intesive Mobile teams should be expanded in Brooklyn.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>The agency requires additional information from the community board regarding this request</p>

21	214202521E	<p>Request: Other programs to address public health issues requests</p> <p>Explanation: Public health programs that address health disparities with an urgent focus on maternal health are of the highest priorities. Ongoing infection disease concerns, barriers to vaccines whether they be knowledge and understanding based, cultural practices based, language access, etc. must be thoughtfully addressed. Access to quality housing, healthy food choices and outdoor space all contribute systemically to health outcomes and thus cannot be considered singularly, let alone in competition with one another.</p> <p>Responsible Agency: Department of Health and Mental Hygiene</p>	<p>The agency requires additional information from the community board regarding this request</p>
22	214202522E	<p>Request: Assign additional building inspectors (including expanding training programs)</p> <p>Explanation: DOB is operating with a 15% deficit in human resources. Many of these unfulfilled positions are inspectors. With the continued growing rate of new construction in the district, this is an urgent priority. Too many complaints are closed out due to lack of access while unpermitted work continues to the point of completion. Better timing of inspections, additional attempts and more detailed follow ups would assist in the ability to enforcement myriad violations.</p> <p>Responsible Agency: Department of Buildings</p>	<p>The agency will try to accommodate this issue within existing resources. Where planting is the city's responsibility it should be properly funded and then adequately pruned.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>OMB supports the agency's position as follows: Parks plans to plant trees in all available street tree locations (except where trees will be planted by developers as mandated by zoning) but will need additional funds for tree guards.</p>

Some sectors will have an extra rear loader on the streets - equaling 3 collection trucks per street every recycling day. Other sectors will still have only two truck but they will both be split-backs, which means large put outs and bulk will not be collected on route. Weights will not tell DSNY if another truck should be added to a route. Those with missed collections are told to pull their containers back in until the following week. This is a growing problem for our community. Additional car lifts (stackers) at the existing Tow Pound would increase holding capacity and permit more vehicles to be stored as an immediate interim measure. The current pound being located across the borough results in long travel times. It limits the turnaround time resulting in diminished productivity per work shift for Row Tow operators serving Southern Brooklyn. Rentals are too expensive on fixed incomes. With an increasing aging population we need to create affordable senior communities. New York City is way behind in that area. Our middle class numbers have decreased. Real estate prices have sky-rocketed in our community. It is becoming impossible for people who grew up here or raised a family here to remain in our community. Home ownership is now a pipe dream, only affordable for the very wealthy. 03	215202503E	<p>Request: Forestry services, including street tree maintenance</p> <p>Explanation: Brooklyn Community Board 15 receives numerous complaints about trees not being pruned, maintained or planted in a timely fashion. 04	215202504E	<p>Request: Hire additional crossing guards</p> <p>Explanation: All of the schools in our community district would benefit from additional crossing guards. With the severe traffic around many of our schools particularly at dismissal times, crossing guards provide an essential service to ensure the safety of our students and community members as they navigate these congested and often chaotic public spaces. Currently, when a crossing guard is out sick, a uniformed officer is pulled away to take their place, taking an officer away from other critical policing work. Our seniors and disabled are on fixed incomes and struggle to pay rent. We need a way to keep our lower income residents safely in their homes and off the streets with some sort of voucher system to aide them. 23	215202523E	<p>Request: Increase home delivered meals capacity</p> <p>Explanation: Many of our seniors, live in isolation with family members living out of state. They have come to rely more than ever on home delivered meals. Having that brief interaction can be a life saver. Meal providers are trained to check up on seniors and when they are not responding critical steps are than taken to assure our older New Yorkers are doing well. Capacity for meals along with new replacement fleet vehicles should be expanded at this time.</p> <p>Responsible Agency: Department for the Aging</p>	<p>OMB supports the agency's position as follows: Approval of this request depends on sufficient Federal/State funds.</p>
24	215202524E	<p>Request: Increase enforcement of illegal posting laws</p> <p>Explanation: Our community is inundated with illegal advertising on all street hardware and public structures. Advertising signage for moving men, and lately "Cash for Cars" signs, have appeared everywhere. There must be more effective deterrents for such acts, such as escalating fines for repeat violators, etc. These illegal postings are defacing our entire community.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>OMB supports the agency's position as follows: This is not a budget request. 28	215202528E	<p>Request: Other commercial district revitalization requests</p> <p>Explanation: We have a large number of small commercial corridors in our district (i.e.; Avenue U, Sheepshead Bay Road, Avenue P, Gravesend Neck Road and Avenue X) with rents sky-rocketing to ludicrous heights. These storefronts either turnover rapidly, or sit vacant warehoused without attracting new businesses or new investment in the community. Empty storefronts don't entice consumers. They reduce foot traffic to the corridors. Things have gone from bad to worse. The City needs to offer independent small business owners more incentives and assistance in creating businesses, or offer property owners some incentives to attract and retain businesses. Outrageous rents are keeping many of our small commercial areas bleak and depressed.</p> <p>Responsible Agency: Department of Small Business Services</p>	<p>The agency will try to accommodate this issue within existing resources. 20	218202520C	<p>Request: Evaluate a public location or property for green infrastructure, e.g. rain gardens, stormwater greenstreets, green playgrounds</p> <p>Explanation: Construct bioswales with flowers and shrubberies along the eastern right-of-way of Flatbush Avenue, south of the former Toys R Us building, and the city-owned lot fronting Four Sparrows Marsh, and north of the Westbound Belt Parkway ramp onto Flatbush Avenue. Flatbush Avenue just north of the Belt Parkway is the gateway to Community Board 18's neighborhoods and to Southern Brooklyn. This section of roadway is without a storm water filter system, thus storm water runoff from the road flows unfiltered into Mill Basin. The construction of bioswales presents an opportunity to both beautify Flatbush Avenue as well as filter storm water.</p> <p>Responsible Agency: Department of Environmental Protection</p> <p>Supported by: All Local Elected Officials All Community and Civic Associations</p> <p>Location Address: Flatbush Avenue Site Street: Flatbush Avenue Cross Street 1: Belt Parkway Cross Street 2: Belt Parkway</p>	<p>OMB supports the agency's position as follows: Please contact the Agency directly and promptly for more information.</p>

REGISTER OF COMMUNITY BOARD BUDGET REQUESTS

For the Executive Budget Fiscal Year 2025

Manhattan

The City of New York
Eric Adams, Mayor

FY 2025 Executive Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Executive Budget reports the FY 2025 Executive budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2025 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget, publishing them in the **Register of Community Board Requests for the Executive Budget** in April.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In June, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-6129 for more information about the community board process including consultations, and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine-digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted, and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Executive Budget recommendation for each budget request.

Some of the pedestrian crossings beneath the Brooklyn Bridge on Pearl Street are unmarked and the signaling can be unclear. 23	301202523C	<p>Request: Provide a new or expanded park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: New Public Pool in CD1: Neighboring community boards have outdoor public pools which are free for public use during the summer, whereas CD1 has none. CD1's indoor community pools such as those at Manhattan Youth, BMCC or Stuyvesant all have fees to swim, and are rarely if ever open to the general public. Swimming lessons are very expensive and few children can participate because there are limited spots even if one can afford. Especially now that a pool will not be designed for CD1, a local public pool must be considered for the CD1 area. For example, a small pop up pool in a shipping container like Brooklyn Bridge Park in Brooklyn, or an above-ground pool to minimize costs. CD1 should have a summer pool outside, free for all like neighboring Community Districts.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>Further study by the agency of this request is needed. 06	302202506C	<p>Request: Other capital budget request</p> <p>Explanation: C6. Allocate funds for the permanent preservation of Elizabeth Street Garden, in its entirety, on land owned by NYC Department of Housing Preservation & Development, on a through lot on Elizabeth Street and Mott Streets, between Prince and Spring Streets. CB2 urges HPD to transfer jurisdiction over this lot to the Parks Dept. without further delay. The neighborhood around Elizabeth St. Garden lacks open space. Little Italy and SoHo account for 23% of CB 2's population, but have only 3% of its open space, virtually 100% paved, for an open space ratio of only 0.07acres per 1,000 residents. Elizabeth St. Garden is located in the only downtownManhattan neighborhood that the NYC Parks Department defines as underserved byopen space.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p> <p>Supported by: Friends of Elizabeth Street Garden Multiple Elected Officials</p> <p>Location Site Name: Elizabeth Street Garden Address: Elizabeth St. bet. Belgian Blocks are either badly damaged, missing or both and need to be restored and/or replaced. In some cases the structural base is so deteriorated, reconstruction is needed. Cleaning up the drain at the southwest corner of Vesuvio Playground until it is feasible to connect the drain to the common sewer system. The number of children using Vesuvio Playground continues to grow. The Tony Dapolito Recreation Center has been closed for years and is expected to remain in this state for at least a couple more years. We are no longer confident that the building will be able to be repaired or that doing so is worth doing for the cost that will be required. The pool that sits next to it has had to be closed for two summers and will remain closed for at least two more because the rec center wall is potentially unstable and collapse of it could injure pool users. Allocate funds to install temporary protective barriers to the bike lane on West Houston St. between Washington and West Sts. to provide safer access to the Hudson River Park greenway until more permanent safety improvements can be added. 34	302202534E	<p>Request: Other expense budget request for DPR</p> <p>Explanation: E34. Allocate funds for effective rat control throughout Community District 2 parks. Despite efforts by the Parks Department to address the problem of rat infestations, CB2 consistently receives complaints about rats in Washington Square Park and the parks along 6th Avenue (e.g. Minetta Triangle, Minetta Playground, Golden Swan). The problem is exacerbated by the now-permanent outdoor dining programs, which have increased vermin complaints leading DOHMH to confirm that rat infestation is well beyond pre-pandemic levels. CB2 requests additional resources targeting rat infestations, with special focus to be paid to rat burrows and tunneling in and around tree pits because such damage to the root base is also causing trees to lean and eventually require removal.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>The agency has stated that they will try to accommodate this request with existing resources. OMB supports this.</p>
35	302202535E	<p>Request: Improve traffic and pedestrian safety, including traffic calming</p> <p>Explanation: E35. Allocate funds to reduce speeding and directional impacts at the pedestrian crossing on the east side of W. 8th Street at 6th Ave. and at the intersection of West 8th Street, 6th and Greenwich Avenues, considering solutions such as the installation of a traffic diverter on the northern lane of Greenwich Avenue at 6th Avenue and/or continuing the 6th Avenue protected bike lane south with an extended median. The exceptionally wide open and irregularly angled intersection creates confusion, causes turning conflicts, facilitates speeding and hinders visibility, putting pedestrians in grave danger, exemplified by the recent horrific pedestrian fatality.</p> <p>Responsible Agency: Department of Transportation</p> <p>Location Address: West 8th Street Site Street: West 8th Street Cross Street 1: Greenwich Avenue Cross Street 2: 6th Avenue</p>	<p>Please contact the Borough Commissioner's office to discuss this request.</p>

05	304202505C	<p>Request: Other capital budget request for EDC</p> <p>Explanation: The Manhattan Cruise Ship terminal is an overwhelming source of pollution. When ships are docked, their engines run to generate power and keep the lights on, emitting thousands of tons of diesel particulates into the air. Installing a socket for cruise ships to "plug-in" to draw power from the existing power grid will dramatically reduce diesel particulate matter and improve the water quality in the Hudson River. Eighth Avenue has an existing protected bike lane marked by temporary materials that leads to dangerous confusion for pedestrians and bicyclists alike, while Seventh Avenue has no bike lane at all, creating a 12-block gap between 42nd and 30th Streets without safe bicycle access. Concrete curbs could be constructed to protect the lanes, or permanent concrete or metal bollards installed, which are ubiquitous in other cities around the world.</p> <p>Responsible Agency: Department of Transportation</p> <p>Supported by: Garment District Alliance</p> <p>Location Site Name: garment District</p>	<p>OMB supports the agency's position as follows: Bike path enhancement requests will be reviewed as part of the federally-funded Bicycle Network Development Program.</p>

The City should also better fund tenant representation in housing court by increasing baseline funding for tenant representation. Housing court cases are funded at approximately 70% of the cost of representing New Yorkers. That rate should be increased to 100% so that organizations providing services to New Yorkers can afford to retain the legal, social work, and administrative talent required to do this essential work. Still, our district has underutilized land that should be repurposed as park space. There's 276,000 sq ft of privately-owned land at 38th & 1st Avenue that has sat vacant for over a decade; there are two prime City-owned waterfront spaces at 34th Street: an 11,000 sq ft property that is currently used as a parking lot and a 40,000 sq ft heliport that adversely impacts the quality of life of nearby residents and was the origin of the helicopter that crashed into a Midtown office building on June 10, 2019, killing the pilot. Residents frequently complain about express buses parking along 34th and 57th Streets, and in the 2nd Avenue bus lane. The four pickleball courts require resurfacing to create regulation-size and level playing surfaces, and appropriate lines for both pickleball and handball. The current courts have cracks and, as such, have been causing player injuries. The surface material currently used for the adjacent basketball courts would be a more appropriate playing surface. Currently our community cannot access large segments of our waterfront because our waterfront esplanade has significant gaps: from 41st - 51st Streets, 54th - 56th Streets, and 57th - 59th Streets. In a city where we live in such close quarters, our outdoor spaces, especially our waterfronts, were lifesavers during the pandemic. The Department of City Planning confirms our district has the lowest amount of open space per capita of Manhattan community districts. We urgently need an unbroken and accessible waterfront. The Blueway Plan outlines an elevated, safer pedestrian and biker bridge that also separates the public from the Con Ed facility. Current levels of maintenance and operations staff are not adequate to maintain our parks, and our landscaping suffers from lack of gardening and accessibility. Also, non-governmental funding (i.e. conservancies) is not available for any parks in our district. The pandemic has resulted in an increase in park usage. And as a district lacking park space, maintaining what little we do have is crucial. This expansion will include any residential, commercial, institutional and industrial sources, and prioritize compost locations with the most volume. The funding for this increased collection would include educational outreach to the community. This funding ties to other composting goals in the city. The pandemic has shown us that creative thinking is needed to find new ways to provide supportive services and programming to relieve isolation and provide intellectual engagement.</p> <p>Responsible Agency: Department for the Aging</p>	<p>OMB supports the agency's position as follows: Approval of this request depends on sufficient Federal/State funds.</p>
06	306202506E	<p>Request: Hire additional traffic enforcement agents</p> <p>Explanation: The Mayor has several policies and programs meant to improve traffic flow and traffic safety in New York City, such as more protected bicycle lanes, dedicated bus lanes, and Vision Zero. However, because of a lack of traffic enforcement in our district, those policies and programs are left compromised. Protected bicycle lanes are compromised because of drivers interfering with those lanes. Bus lanes are compromised because other vehicles park in those dedicated bus lanes. Vision Zero is compromised because of vehicles that travel in a dangerous manner, therefore compromising the safety and lives of pedestrians. Additional traffic enforcement officers will be helpful in the carrying out of these initiatives.</p> <p>Responsible Agency: Police Department</p>	<p>OMB supports the agency's position as follows: Based on the latest budget, the NYPD has a specific budgeted headcount. The agency is working on filling vacancies in order to get to that headcount.</p>

07	306202507E	<p>Request: Provide, expand, or enhance preventive services and community based alternatives for youth</p> <p>Explanation: CB6 requests that funding be enhanced for ACS preventative services that allow families to remain together which maintaining the welfare of the children in the home. We understand these programs are effective in preventing children from entering foster care and can include services such as family or individual counseling, parenting classes, substance abuse treatment, domestic violence intervention, home care, and support for pregnant and parenting teens, among others. However, this funding must be coupled with additional staff and better training for caseworkers to ensure children's safety.</p> <p>Responsible Agency: Administration for Children's Services</p>	<p>The agency will try to accommodate this issue within existing resources. OMB supports the agency's position.</p>
08	306202508E	<p>Request: Improve safety at homeless shelters</p> <p>Explanation: Due to budget cuts, DHS Police was cut from many shelters in our district in favor of private security. Since then, CB6 has heard about uneven results from private security the City has contracted with, including when it comes to matters such as keeping the shelters safe and de-escalation tactics.</p> <p>Responsible Agency: Department of Homeless Services</p>	<p>Further investigation is required. Contact the agency.</p>
09	306202509E	<p>Request: Other request for services for the homeless</p> <p>Explanation: We ask that the City conduct research on how the nonprofit and corporate sectors could help provide restroom and shower facilities to individuals experiencing homelessness. Models for providing restroom and shower facilities in this way currently exist in New York City, including in northern Manhattan and in Battery Park City, and the Manhattan Borough President has made it a priority to develop solutions to the problem. Research would include identifying appropriate locations, operational success experienced by the organizations, level of security required, costs, and a number of other elements. We hope the research would lead to contracting with one or more providers.</p> <p>Responsible Agency: Department of Homeless Services</p>	<p>More information is needed from the community board before making a funding decision. 10	306202510E	<p>Request: Conduct traffic or parking studies</p> <p>Explanation: The entrance area for the Queens Midtown Tunnel is plagued by numerous problems: constant traffic backups, slow buses, pedestrian safety issues, and a lack of a bicycle lane for the part of Second Avenue that includes the Queens Midtown Tunnel area. All these issues need addressing, but first, CB6 believes that the NYC Department of Transportation needs to perform a comprehensive traffic study that can figure out how to best address these issues. CB6 requests a traffic study for the Queens Midtown Tunnel entrance area, with the study area being between 38th and 33rd Streets (north to south) and between the FDR Drive and 3rd Avenue (east to west).</p> <p>Responsible Agency: Department of Transportation</p>	<p>OMB supports the agency's position as follows: Further study by the agency of this request is needed.</p>
11	306202511E	<p>Request: Investigate noise complaints at specific location</p> <p>Explanation: Noise is our district's #1 complaint. Aside from late-night noise from bars/restaurants, our district also sees increased complaints due to traffic congestion. Our roads are narrower due to bike/bus lanes and we have major approaches in our borders, such as the Queensboro Bridge and Queens Midtown Tunnel. We also host the 34th St Heliport and large construction projects. Finally, because of After-Hours Variances, there are complaints about late night construction noise. More inspectors would stay ahead of complaints with 24/7 monitoring, rather than the current after-the-fact on-site visits. Possibilities for additional noise monitoring should be explored.</p> <p>Responsible Agency: Department of Environmental Protection</p>	<p>OMB supports the agency's position as follows: Please contact the Agency directly and promptly for more information.</p>
12	306202512E	<p>Request: Provide more frequent litter basket collection</p> <p>Explanation: While in recent years we had seen a fairly stable level of over-flowing waste baskets, since the pandemic we are experiencing a major uptick. Trash ends up in the street creating unsightly and unhygienic conditions. Our City Council Members have helped provide additional trash receptacles but the City budget should take up this expense directly.</p> <p>Responsible Agency: Department of Sanitation</p>	<p>Due to fiscal constraints, the availability of funds is uncertain.</p>

13	306202513E	<p>Request: Expand clean space initiatives for public sites and graffiti free removal program for private sites along commercial business corridors</p> <p>Explanation: CB6 asks for the restoration of NYC's graffiti removal program and encourages its application to our district. Graffiti has suddenly become a major problem in Manhattan Community District 6 including in previously graffiti-free areas in Murray Hill and Kips Bay. The graffiti makes the business area unappealing at a time when we hope to encourage patronage of small businesses in the district. Similarly, a degraded quality of life in residential areas has been reported.</p> <p>Responsible Agency: Economic Development Corporation</p>	<p>OMB supports the agency's position as follows: Inquiry needs to be directed elsewhere</p>
14	306202514E	<p>Request: Other expense budget request for NYPL</p> <p>Explanation: In previous years we have asked for additional electronic assets for libraries and staffing increases. However, the funding has not been baselined in the budget, making a reliance on future amounts precarious. We ask that the budget for NYPL and particularly for the branches in our district be increased to address upgrades to resources.</p> <p>Responsible Agency: New York Public Library</p>	<p>OMB supports the agency's position as follows: NYPL is in favor of this project but added or restored City funding is required for all expense budget costs and any needed capital costs. NYPL will continue to work through the City's budget process for needed funding. Contact NYPL for more information.</p>
15	306202515E	<p>Request: Other traffic improvement requests</p> <p>Explanation: For each of the past several years, well over 1,000 calls about street conditions have been made to 311 in Manhattan Community District 6. Given this fact, robust paving personnel is necessary to repair roads in poor condition as well as keep roads in good condition. Having more paving crews would also prevent lane closures, improve traffic in spots, and avoid damage to cars, trucks and city vehicles due to potholes and sinkholes.</p> <p>Responsible Agency: Department of Transportation</p>	<p>OMB supports the agency's position as follows: The agency will try to accommodate this issue within existing resources.</p>

16	306202516E	<p>Request: Enhance programs for elder abuse victims</p> <p>Explanation: With an aging population comes a greater need for attention to crimes perpetrated that are particular to seniors. Combating elder abuse, whether physical (domestic) abuse or the financial kind is critical in a district that has 18.2% of its population over the age of 65 (and growing). CB6 asks for additional funds to be devoted to specialized programs developed by the Department for the Aging to identify and prevent these situations. Additionally, more data on the extent of elder abuse in our city would be helpful in identifying needs in the district and citywide.</p> <p>Responsible Agency: Department for the Aging</p>	<p>OMB supports the agency's position as follows: Approval of this request depends on sufficient Federal/State funds.</p>
17	306202517E	<p>Request: Provide, expand, or enhance job training</p> <p>Explanation: CB6 would like to see enhanced funding for job training programs in existence or under development by HRA and its partners. These programs seek to increase clients' skills, readying them for employment and facilitating their exit from public assistance. These programs and associated training materials should be free or low-cost so as not to deter clients from participating. With the recent disruption to jobs due to the pandemic and the need to assist individuals who are either experiencing homelessness or seek an exit from public assistance, training is increasingly needed.</p> <p>Responsible Agency: Human Resources Administration</p>	<p>OMB supports the agency's position as follows: HRA's Career Services provides services to clients to assist them in developing job skills, obtaining employment, financial counseling and building sustainable careers that provide a path out of poverty.</p>

18	306202518E	<p>Request: Provide more community board staff</p> <p>Explanation: In Fiscal Years 2019 and 2020 all 59 Community Boards received a non-baselined \$42,500 increase to their OTPS budget. These increases should be baselined to ensure reliable funds that will allow Community Boards to hire new staff and retain current staff. With the changing nature of in-office vs remote work situations, we will need to assess budgetary impacts. Some employees may need to exercise greater independence and less supervision. Expenses for equipment, supplies, and the like may be affected. We therefore urge that at a minimum community board budgets are baselined to FY2020 levels.</p> <p>Responsible Agency: Mayor's Office of Management and Budget</p> <p>Location Site Name: Community Board Six Office Address: 211 East 43rd Street Site Street: East 43rd Street</p>	<p>As of the FY 2025 Executive Budget, each Community Board's budget is being maintained.</p>

For tens of thousands of seniors in Manhattan Community District 6 who remain capable of independent and semi-independent living, aging in place is the best way to remain in a comfortable and familiar environment, and retain their neighborhood connections and access to services and support. Our district has the third-highest proportion of residents over 65 in Manhattan and the tenth-highest in the city, and that proportion is increasing. As our residents age, we hope the administration will increase funding for this commitment.</p> <p>Responsible Agency: Department for the Aging</p>	<p>OMB supports the agency's position as follows: Approval of this request depends on sufficient Federal/State funds.</p>

20	306202520E	<p>Request: Provide, expand, or enhance programs for housing inspections to correct code violations</p> <p>Explanation: Renters in New York City depend on HPD to enforce housing quality and safety codes and to protect tenants from harassment and discrimination, and individuals working in affordable housing construction depend on HPD to enforce certain wage laws. The New York State Division of Housing and Community Renewal (DHCR) also depends on collaboration with HPD to enforce tenant protections at the state level. We understand that HPD's ability to do this important work depends on adequate funding for monitoring, investigation, and enforcement staff, and we ask that the city increase funding for such staff to ensure that applicable tenant and worker protection laws are enforced.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	<p>OMB supports the agency's position as follows: The agency will accommodate this issue within existing resources.</p>
21	306202521E	<p>Request: Other request for services for the homeless</p> <p>Explanation: As the population of sheltered New Yorkers experiencing homelessness increases, the number of individuals spending time on the street during the day is also increasing, because many New York City shelter facilities are not open during the day. We ask the city to invest more heavily in services and support for people experiencing homelessness who are living in the shelter system, including dedicated all-day outreach in areas with a large population of sheltered homeless New Yorkers, along with more extensive, standardized, and systematically provided welfare, support, and quality-of-life services for those residents.</p> <p>Responsible Agency: Department of Homeless Services</p>	<p>OMB supports the agency's position as follows: DHS funds street outreach services in all five boroughs. And city data shows that 86% of tenants with RTC representation remain in their homes. But New York State court data shows that due to a shortage of available lawyers, thousands of New Yorkers faced eviction proceedings without lawyers in 2022. Some tenants are also eligible for grants and subsidies that they do not apply for, which could make eviction proceedings unnecessary . We request that the city provide additional funding for DSS, both to completely fulfill its RTC obligation under law, and to support and advocate for tenants in ensuring they receive all the public support for which they are qualified.</p> <p>Responsible Agency: Human Resources Administration</p>	<p>The request does not seem to be applicable to the Responsible Agency. This area houses human services infrastructure critical to the health and safety of Manhattan residents, such as Bellevue and NYU Langone Hospitals, and the 30th Street Men's Intake Shelter. Even a temporary loss of these facilities would put lives at risk and create extensive hardship. There are also residential apartment buildings, schools, medical practice offices, pet shelters, and other services. The DCP Flood Hazard Mapper shows the study area is vulnerable to flooding to varying degrees. The study is urgently required to ensure this area can maintain operations during coastal storms and that CB6 residents do not suffer the loss of essential services.</p> <p>Responsible Agency: Department of City Planning</p>	<p>The agency will try to accommodate this issue within existing resources. Community Based Organizations will need to assist with providing training to residents. A NYC Government analysis of the economic impact of access to broadband shows that it will have a favorable impact on residents and the city. Broadband is essential for those seeking employment opportunities, access to medical care, quality education and social services. REGISTER OF COMMUNITY BOARD BUDGET REQUESTS

For the Executive Budget Fiscal Year 2025

Queens

The City of New York
Eric Adams, Mayor

FY 2025 Executive Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Executive Budget reports the FY 2025 Executive budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2025 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget, publishing them in the **Register of Community Board Requests for the Executive Budget** in April.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In June, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-6129 for more information about the community board process including consultations, and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine-digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted, and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Executive Budget recommendation for each budget request.

With the influx of new residents and the historic failing system the combined sewer cannot handle the wastewater and run-off. 05	401202505C	<p>Request: Renovate or upgrade existing precinct houses</p> <p>Explanation: Due to multiple issues with the old structure our officers require a larger, cleaner/healthier & efficient space to work in. In past years, our officers have had numerous floods in their locker rooms from sewage backup during rain. The building was scaffold for approximately 5 years due to deterioration. Our current structure is too small for the number of officers our district requires. The 5x5 rooms must be share with multiple users. The building itself is out dated and it would cost more to update versus a reconstruction. With the massive increase in residents and expansion in night life our district requires more manpower. There is no space in the building as it exists to accommodate additional staff we need. When this structure is built parking needs to be considered in the plan.</p> <p>Responsible Agency: Police Department</p> <p>Location Address: 43-16 Astoria Blvd Site Street: Astoria Blvd</p>	<p>OMB supports the agency's position as follows: The NYPD is working with the Mayor's Office of Management and Budget (OMB) to secure capital funds for facility improvements.</p>
06	401202506C	<p>Request: Repair or build new seawalls or bulkheads</p> <p>Explanation: Socrates Sculpture Park located at 32-01 Vernon Boulevard, Long Island City is a community engaged waterfront park. Artists create and have presentations of their works in a public art space. Socrates Sculpture Park was a waterfront landfill and illegal dumpsite until 1986 when a coalition of artists and community members converted it into an open studio and exhibition space for artists. Today, Socrates is an internationally renowned outdoor museum and a designated New York City public park. The seawall is in need of dire repair. These repairs must be made to protect the works of art displayed at the space. Water damage to the space would be catastrophic.</p> <p>Responsible Agency: Department of Transportation</p> <p>Location Site Name: Socratess Sculpture Park Address: 32-10 Vernon Blvd. Site Street: Vernon Blvd.</p>	<p>The request does not seem to be applicable to the Responsible Agency. The Park has undergone a major overhaul that included new bleachers and fences, the re-sodding of the grass and the construction of a new baseball dugout. Whitey Ford was an Astorian who, after signing with the Yankees in 1947, was a Cy Young Award winner, and six-time World Series Champion & known as one of the greatest pitchers in Yankee History. In August 2000, this field overlooking the East River with a magnificent view was dedicated in his honor. This is a wonderful space that would have a terrific impact on the community by providing more nature/waterfront access. With the lack of green space this will enhance waterfront access for the community. This location will bridge two local development projects and requires the city to take a deep dive into its possibilities. Many flock here to bird watch. The space requires rejuvenation. As these shelters continue to increase, to avoid the homeless crisis remaining stagnant it is important that housing for formerly homeless as well as seniors be provided. Additionally, and in the wake of the current health crisis, the lack of housing for our special needs population cannot be overlooked.</p> <p>Responsible Agency: Department of Housing Preservation & Development</p>	<p>The agency will try to accommodate this issue within existing resources. Other distinctive buildings in the community include Newtown HS, the Elks Lodge, and Dutch Reformed Church. Not only does the community boast architecture from the 1800s, but it also houses ancient artifacts dating back from an early African - American cemetery. CS	404202549C	<p>Request: Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: Clement C Moore Playground is a heavily utilized playground in the heart of Elmhurst now in its final phase of construction as the park design was obsolete. Issues with smoking, gambling, gang activity, rundown bathroom facilities, homeless, and public intoxication drinking are all commonplace at this park. Measures to discourage such activities (i.e.: security cameras, benches, open areas) should be considered during the next design phase of the park. A renovation of the comfort station regardless of cost should be strongly looked into as a future capital project.</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: CC Moore Playground</p>	<p>Further study by the agency of this request is needed. CS	404202550C	<p>Request: Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: Residents of the community have been jogging along the outdoor perimeter of Newtown Field (92nd Street and 57 Avenue) for years as no official track exists within the area. However, a mere 3 blocks away, and sitting directly on the border of CB's 4, 5, and 6 is Hoffman Park, a heavily used 3 acre park. The existing underused softball field is a prime location for a proper jogging track. Ideally, funding can also be used to alleviate the prominent floor cracks that can be seen throughout the basketball, handball, and baseball field. Implementation of a dog run would be a benefit to the local community as minimal space exists for this. Additionally, the area surrounding the handball courts is a dark, dangerous, and structurally unsafe (cracks, tree roots lifting floors, etc.)</p> <p>Responsible Agency: Department of Parks and Recreation</p> <p>Location Site Name: Hoffman Park</p>	<p>Further study by the agency of this request is needed. During the summer months, the Kids in Motion program is at this location. As such, in order to enjoy the park to its full capacity, funding should be allocated to upgrade / repair the existing fitness equipment which is grossly underutilized and outdated. 34	405202534C	<p>Request: Reconstruct or upgrade a park or amenity (i.e. playground, outdoor athletic field)</p> <p>Explanation: Provide Funding for the Establishment of a Dog Run in District 5, Queens. Residents have advocated for the establishment of a more permanent dog run in Juniper Valley Park in Middle Village. Recent cost estimates are projected to be somewhere in the range of \$750,000. It is questionable whether there is sufficient open space to accommodate a dog run inside Juniper Valley Park since there are so many competing uses there including seven (7) ball fields, a running track, two (2) children's playgrounds, a football/soccer field, bocce, tennis and basketball courts, and a roller hockey rink, in addition to landscaped areas. The CB5Q Parks Committee has looked at possibilities for a dog run in this park and at other locations.</p> <p>Responsible Agency: Department of Parks and Recreation</p>	<p>OMB supports the agency's position as follows: Parks will determine if the site identified by a Dog Association is a viable location within a park.</p>

At least 170 officers are needed for the 104th Pct., plus supervisors, to cope with robbery, burglary, felony assaults, some violent crime, domestic violence , scams, some inadequate response times, vehicular speeding, much illegal parking, auto theft and rowdy conditions often caused by substance abuse.</p> <p>Responsible Agency: Police Department</p> <p>Supported by: Numerous Local Civic Groups</p>	<p>OMB supports the agency's position as follows: NYPD's total uniformed staffing levels depend on decisions made in the Preliminary and Executive Budget process. 03	405202503E	<p>Request: Assign additional building inspectors (including expanding training programs)</p> <p>Explanation: HIRE INSPECTORS AND PLAN EXAMINERS, IN SUFFICIENT NUMBERS, TO COPE WITH ILLEGAL USES OF PROPERTY AND QUESTIONABLE CONSTRUCTION A separate afternoon/evening and weekend inspection team of 10 inspectors for Queens is critical because inspectors very often can't gain access in the daytime during the work-week. Communities throughout Queens have been plagued with illegal apartments posing dangerous conditions, school overcrowding and more pressure on limited City services. Construction inspectors and plan examiners in adequate numbers are needed to curtail contractors building homes larger than the zoning permits. Currently to our knowledge, Queens has 34 plan examiners and only 15 construction inspectors usually working in the borough.</p> <p>Responsible Agency: Department of Buildings</p>	Due to fiscal constraints, the availability of funds is uncertain.

In order to alleviate these very problematic conditions, which are potential health hazards and hamper business investment: 1. 05	405202505E	<p>Request: Provide, expand, or enhance after school programs for middle school students (grades 6-8)</p> <p>Explanation: PROVIDE FUNDING FOR EDUCATIONAL AND RECREATIONAL PROGRAMS FOR CHILDREN AND TEENS After school, evening and weekend delinquency prevention programs should be maintained locally. This is especially critical at a time when far too many children and teenagers are unsupervised by parents or guardians after the school day ends and on weekends. These programs are very critical as they increase self-esteem levels of participants, thereby preventing substance abuse and delinquent behavior. While Beacon Programs are welcome, it is vital that funding for other quality "local" education and recreation programs be a priority. Thankfully, recent Mayors and City Council Members have increased youth program funding substantially.</p> <p>Responsible Agency: Department of Youth & Community Development</p> <p>Supported by: Numerous Local Civic & Community Organizations</p>	<p>OMB supports the agency's position as follows: Presently, there are a variety of agency-funded programs in the district for this target population. Additional programs are contingent upon available funding and will be distributed through an RFP process. Organizations are encouraged to apply.</p>

School collection, 5 days per week, is critical during the school year and during the Summer. It is also important that recycling collection at schools be increased. There are currently thousands of street tree stumps that need to be removed in Queens. The following budget allocations are needed to address these conditions, and the need to remove dead trees and limbs on an emergency basis: \$4.5 Million for county-wide pruning contract; \$3.5 Million for removal of tree stumps in Queens; \$2 million for removal of dead trees and limbs. Sanitation Police positions should be greatly increased for illegal dumping, especially since they are revenue producing, and dumping is severely hurting communities. One SEA agent is needed daily in Q5. Severe fines, vehicle impoundments and more publicity, such as frequent press releases to TV and radio stations and major newspapers, are needed to make an example of dumpers and curtail illegal dumping. The abuse of litter baskets on commercial strips has become deplorable, and needs to be better addressed.</p> <p>Responsible Agency: Department of Sanitation</p> <p>Supported by: Ridgewood Property Owners and Civic Assn. Skilled maintenance workers (there are only 2 for all of Queens Districts 5, 9, 10 & Forest Park) should be funded year-round. Most elementary schools have only 1 or 2 School Safety Officers; intermediate schools only have 3 officers, which in many schools is very insufficient. The city should earmark funding to hire additional traffic control agents (Traffic Enforcement Agents-Level 2) so that heavily travelled intersections can be staffed. REGISTER OF COMMUNITY BOARD BUDGET REQUESTS

For the Executive Budget Fiscal Year 2025

Staten Island

The City of New York
Eric Adams, Mayor

FY 2025 Executive Budget Register of Community Board Budget Priorities

The Register of Community Board Budget Requests for the Executive Budget reports the FY 2025 Executive budget status of each of the projects and programs requested by the City's 59 community boards.

The FY 2025 Register is the charter mandated product of a dynamic and cyclical budget process for the 59 community boards. The community boards consult with agencies on the capital and expense needs of the district. After consulting, each community board develops and votes separate priorities for up to 40 capital and 25 expense budget requests which the agencies review and respond to in the **Register of Community Board Requests for the Preliminary Budget** in January.

The Mayor's Office of Management and Budget (OMB) reviews these same budget requests and updates the responses for the Executive Budget, publishing them in the **Register of Community Board Requests for the Executive Budget** in April.

In May, the City Council holds public hearings on the Executive Budget. At these hearings, community boards, community groups and interested citizens may comment on the budget decisions contained in the Register.

In June, OMB publishes the **Register of Community Board Budget Requests for the Adopted Budget** which informs the boards of the final disposition of their original budget priorities. The Adopted Register contains responses that reflect the changes made to the Executive Budget by the City Council.

Capital project requests from community boards are site specific, and primarily for infrastructure or public facility improvements.

For more specific information about programs important to the community boards, refer to each agency's section in the Message of the Mayor for the Executive Capital and Expense Budgets.

Call 212-788-6129 for more information about the community board process including consultations, and the geographic versions of budget documents.

FORMAT OF THE REGISTER

The Register of Community Board Budget Requests is sorted into four versions: Community Board, Borough, Council and Agency. In all versions of the Register, each board's expense requests directly follow their capital requests. The requests are in board order.

LAYOUT OF BUDGET REQUESTS PAGES

Column 1: Priority Number

The priority assigned by a community board reflects the importance of that request as compared to its other requests. Boards may assign Continued Support (CS) to a project which received funding for construction in any year of the current Financial Plan.

Column 2: Tracking Code

The nine-digit identification number assigned to each community board budget request. Tracking codes are unique to each request and identify the borough, community district, year submitted, and request. The first digit refers to the borough, 1 = the Bronx, 2 = Brooklyn, 3 = Manhattan, 4 = Queens, and 5 = Staten Island; the second and third digits indicate the district number. The fourth through seventh digits represent the fiscal year for which the request was submitted, and the last two digits are the request number. The tenth character indicates whether it is a capital ("C") or expense ("E") budget request.

Column 3: Project Information

Request: A brief description of the project.

Explanation: Supporting information detailing the project, and its potential benefits.

Responsible Agency: The City agency which would implement the project.

Budget Line Number: The number assigned to a capital project that was previously funded or is included in any year of the current Financial Plan.

PROJECT ID: The Capital Project Information System identification number which allows projects to be entered into the City's computer tracking system. The number of the managing agency and the project identification number make up the PROJECT ID of the project.

Source of Request: Any group(s) which support the request.

Column 4: Response

The Executive Budget recommendation for each budget request.
